Welcome to the exciting release of the Sheffield Blades safety knife range. Specially developed with products that have been sourced from around the globe the Sheffield Blades safety knife range provides a comprehensive selection of safe cutting solutions for every application. This range contains unique, quality tools that provide safer alternatives to the traditional utility knife that has been widely used in every industry for many years. This safety knife range has an application in every workplace. Sheffield Blades is a family business committed to supplying quality and innovative safety solutions to the many and varied cutting issues that arise today.

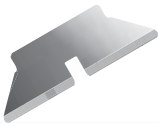

411

EASY CUT
SELF RETRACTING CUTTER SYSTEM

CODE	DESCRIPTION	BOX QTY	CTN QTY
411-2	Yellow/Black Bulk	12	144
411-1	Yellow/Black Display	12	144
411B-2	Dispenser of 80 Blades	80	
411B-1	Card of 10 Blades	10	

- Cutter, holster, and lanyard system that is easy to use and increases productivity
- Automatic blade retracting system
- Lanyard prevents cutter being left in packaging – ideal for food applications
- Round point blade prevents damage to carton contents
- Suitable for left and right hand users
- Easy blade changes without tools
- Adjustable depth of cut on the blade
- Built in guide allows top tray cuts

Replacement blade 411B-2 and 411B-1

411B

Blade cutting depth adjuster 1,2,3

Blade Lock setting

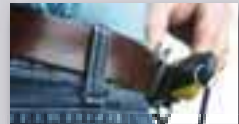

Easy blade change - no tools

Convenient blade storage

Cut guide for left / right hand hand

Belt clip/holster adjusts to suit horizontal or vertical knife position and is also suitable for either left or right hand users (see clip pivot on both sides of holster)

413

POCKET CUTTER
SAFETY POCKET CUTTER SELF RETRACTING SAFETY KNIFE

CODE	DESCRIPTION	BOX QTY	CTN QTY
413-1	Black/Yellow 3pack Carded	12	288

- Automatic blade retracting system to prevent injuries • Blade still retracts if contact is lost even when trigger is still activated • Double action trigger to prevent blade accidentally protruding in your pocket • Complete knife with non replaceable blade prevents loss of internal parts and unauthorized contact with sharp blade • High quality blade tested to cut over 1,600M of corrugated cardboard • Plastic body with wear resistant metal skid at blade outlet for durability • Pocket clip on back to keep cutter handy and prevent misplacement
- Packed in attractive counter display box • Ideal for retail food packaging areas
 - Available packed in convenient retail display

Trigger lock prevents accidental blade exposure

Squeeze yellow trigger and expose blade

Make cut as required

When contact is lost blade retracts even if trigger is still activated

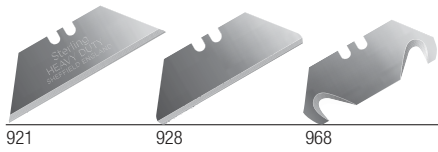

417
